## Our Story

AV Solutions, Inc. opened its doors in 2009 in order to deliver high quality service, audio and video products and value to every customer and home. Serving the Atlanta Metro area, we take pride in teaching and offering current, cutting edge technology to fit the lifestyles of each client.

## Our Values

- **Experience** – Our team of experts has over a decade of experience. We have the ability to provide top-notch audio and video design and installation services.
- **Product Knowledge** – We maximize every room's potential by offering our extensive knowledge and understanding of products to every client. Being Savant certified also allows us to provide great quality equipment with every project.
- **Exclusive Customer Service** – We are passionate about our work, and we strive to satisfy every customer through exceptional quality and superb service. We have been recognized for this customer service with the Best of Houzz 2017 award!

## Our Promise

We are dedicated to making your home a perfect place to enjoy amenities such as listening to music in any room, feeling like you're at a concert or the movies when you're in your home theater and controlling other automated features to enhance your home's comfort and safety.

## Our Process

At AV Solutions, we take care of you and your projects from start to finish. Our process includes:

- Consulting with You to Understand Project Ideas
- Designing the Perfect Solution
- Planning the Project Details
- Installing all of the Equipment Involved
- Maintaining Great Communication with You Throughout the Project

**Schedule a free consultation and take the next step toward a smarter solution.**

## Our team serves the Atlanta Metro area to offer comprehensive solutions for your home or business.

### Home Theater

It takes industry experts to install the perfect home theater. That's exactly what we have to offer at AV Solutions, with the following to create the perfect home theater:

- Design Services to Ensure the Best Use of Your Space
- Various Manufacturers to Choose from, Including Savant, Clare Controls, Sony, Marantz, Samsung, Yamaha and More
- Concert Quality Sound and Crystal Clear Images
- Equipment Set Up Professionally, Ensuring Wires are Hidden and Speakers are Nearly Invisible
- Home Theater Seating to Fit Your Needs
- Accent, Ambient or Track Lighting to Customize Your Home Theater

### Home Automation

Improve the technology in your home and discover ease and convenience like no other. With AV Solutions' home automation services, you can choose to install any of the following:

- Automated Lights
- Automated Shades and Blinds
- Automated TV Controls
- Automated Door Locks
- Controlled Heating and Air Conditioning
- Home Surveillance and Security
- And More

### Whole Home Audio

With AV Solutions, you can listen to music where you want it, when you want it. When we install whole home audio, you can receive:

- Audio Systems in Every Room (Even Outside)
- Control of Every System from a Smartphone App or Wall-Mounted Keypad
- Hidden Wires
- Nearly Invisible Speakers

### Corporate AV

Offering service for more than just homes, AV Solutions can also enhance your business by increasing employee productivity and making clients feel more welcomed through a number of updates and installations, including:

- Company-Wide Audio Systems
- Overhead Paging Systems
- Digital, Satellite or Internet Radio
- Sound Masking/Noise Cancellation Systems
- Video Conferencing and Chat Features
- High Quality Presentation Equipment

Discover the potential your home or business has with AV Solutions. Schedule your appointment today!
